

**e-shuttle VOLUME II, number 1**  
**February 22, 1999**

The latest from AVL Looms:

1. Our Best Sale Ever!
2. Bargain Basement Books
3. PC-Weave, A New Concept in Design Software
4. Martha Stewart has Good Taste
5. Used Loom Inventory

**TAKE THE AVL TEST**

We're running a promotion for new customers that has them compare AVLs to other looms. It's called the [AVL Test](#). Since you're a loyal reader of the e-shuttle, you probably already know why and how AVLs are superior. What you probably don't know is that we're running a terrific promotion to go along with the AVL test.

It's Our Best Sale Ever and includes BIG DISCOUNTS on all looms. Plus LOW FINANCING - only 3.99%! And here's one that's more trial horse than anything else - from now until March 31, 1999 - anyone who buys an AVL will be entitled to a FREE 10 YEAR WARRANTY on all parts and labor (except for Compu-Dobby and pneumatics).

So if you know anyone who is ready to get the loom of their dreams, tell them to give us a call. Now is the time! Or maybe you're ready for another one ...

**BOOKS, BARGAIN BOOKS**

We're cleaning out our inventory of books and want you, the loyal readers of the e-shuttle, to have first crack at our remaining books. ALL books currently in stock are being sold at 50% of retail. It's a great deal ... check out the following:

Osterkamp, "New Guide to Weaving I" WAS: \$12.95, NOW: \$6.50  
Osterkamp, "New Guide to Weaving II" WAS: \$27.95, NOW: \$14.00  
Masson/Roussel, "Shaft Weaving" a.k.a. Tissage WAS: "\$65", NOW: \$32.50  
Dillehay, "Weaving Profits" WAS: \$18.95, NOW: \$9.50

Plus, we have a whole raft of Eleanor Best's Books and accompanying disks for Mac and PC. We'll have a complete listing up on the Web in a few days, but don't delay ... call today, because supplies are truly limited.

## **PC-WEAVE**

Our good friends in France, Haute Tension, have just released a new set of Professional Weaving Modules for Windows 95/98. It's called PC-Weave and it's pretty extraordinary stuff. Each Module can be purchased individually so there's no need to get any more than you need. This is industrial level software that features a simulation package that is second to none, yet the price is surprisingly low.

## **MARTHA STEWART HAS GOOD TASTE ... OF COURSE!**

If you can get your hands on the February 1999 issue of "Martha Stewart Living", then you'll find a wonderful article on AVL owners John and Carolyn Grace of Swans Island Blanket fame. Their story is an inspiration to all of us. Pssst here's a hot tip for you ... since it looks like Martha really likes handwovens, maybe you can be the subject of her next story on crafts. Let her editors know what you are weaving. It may be a long shot but the publicity value is priceless.

## **USED LOOM INVENTORY**

Our re-conditioned loom stock has a couple of looms in it right now. You can check out all the [details](#).
