

e-shuttle VOLUME IV, number 8
November 9, 2001

Welcome to the **20th Edition** of the AVL e-shuttle!

In this issue:

- 1. We're Back on the Web**
- 2. Holiday Sale**
- 3. Great Gift Idea! Manuals on CD-ROM**
- 4. AVL Workshop Dobby Loom Update**

1. We're Back on the Web. For those of you who tried to e-mail us or visit our Web site from November 5 to November 7 and couldn't get through, well, we're back on line. Our server problems are, thankfully, over. So hurry on down to and check out the latest offerings from AVL Looms.

2. Holiday Sale. It's that time of the year again. Time to stuff those stockings or put the gifts under the Hanukkah Bush. Each year, AVL puts some of our best sellers on sale and 2001 is no exception. Click on Holiday Gift Page and have a ball! Just look at those prices!

3. Great Gift Idea! Manuals on CD-ROM. We haven't done a good job letting you know about the latest technology in User's Manuals. It's CD-ROM and it let's you hopscotch around the manual in a blink of an eye.

It makes understanding your loom a breeze. Granted these gems aren't on sale, but at a mere \$25,

they're a natural for the Holiday Season.

4. AVL Workshop Dobby Loom Update. The [California Traveler](#) is starting to fly off the shelves. This 16" wonder is available in 8, 16, and 24 shaft configurations. Pricing is, well, amazing, and if you order before Thanksgiving (November 22, 2001), we'll guarantee delivery by Christmas or you get a \$100 Gift Certificate! Not convinced yet? E-mail us for your copy of the Traveler CD-ROM. It'll show you how to assemble and use AVL's newest loom. One last item. Prices are as follows ...

**Workshop Dobby Loom
Pricing as of September 20, 2001**

8 Harness Loom \$2,295.00
16 Harness Loom \$2,795.00
24 Harness Loom \$3,295.00
